

The background of the slide is a composite image. On the right side, there is a complex network graph with numerous nodes of various colors (blue, red, orange, yellow, purple, black) and a dense web of grey lines connecting them. On the left side, there is a field of small, dark grey dots, resembling a starry sky or a sparse point cloud. A white rectangular box is positioned in the lower-left quadrant, containing the title and author information.
